Bo Obama  
First Dog  
1600 Pennsylvania Avenue  
Washington, D.C. 20500

Dear Bo:

Please accept this care package of American-made Jawz discs — the world's toughest canine disc — as our way of welcoming you to your new White House digs.

As First Dog, it simply won't do for you to chew on the Lincoln desk or any of the other historical artifacts that will tempt you during your reign at 1600 Pennsylvania Avenue.

And, as everyone-who-is-anyone knows, a dog like you could single-handedly solve America's energy crisis if only your inexhaustible source of energy could be channeled into the power grid. Your new Jawz flying discs will help calm those inner demons and keep you from drawing the unwanted attention of the Department of Homeland Security!

Once you've mastered the flying disc, Hyperflite sponsors the Skyhoundz World Canine Disc Championship Series featuring more than 100 local-level competitions, nine U.S. Qualifiers, five International Qualifiers and the World Championship. The contests are open to all dogs, including, but not limited to, the all-American mutt. In fact, several Skyhoundz contests are just a short Helo or Limo ride from the White House.

Should you desire a personal introduction to canine disc play, you need only call.

Finally, please extend, to your new family, our sincere thanks and gratitude for their inspiring example and for the many sacrifices they have made on behalf of our great nation.

Enjoy!
